

GULIELMUS

Taurasi Riserva Docg

Goletto and Gulielmus are inspired to a magical place, wrapped in light and mystery: the Goletto Abbey. The abbey was built in the XII century by Saint William (Gulielmus in latin); partially destroyed by the earthquake in 1980, Goletto preserved its timeless beauty and remains today an emblem of Irpinia. Through their iconic names, these two wines celebrate the magic and the authentic heritage of Irpinia.

Gulielmus comes from a 2-hectare vineyard in Taurasi, in the Sala district, where the soil is clayey and the unilateral guyot vines have been planted, starting from 1992, with buds harvested from the old prefillossera vineyards. The harvest is done by hand, between mid-October and early November. After fermentation in steel, the wine ages for 18/24 months in barriques and again in the bottle for over two years.
